How it works;

A different bouquet will be providing each week using the finest specimens of seasonal flowers, greens, berries or grasses. Our designers will create the unique bouquets, or arrangements using only the

freshest material which you can proudly display in the home or business. We will bill your credit card at the end of each month for those months' purchases.

Our service operates year round so that the home or offices which are receiving the flowers will look great throughout each and every season. If you should want to skip one week's service e-mail us at least five days in advance and we will be happy to accommodate you. Likewise, if you need to order additional flowers let us know ahead of time and we would be happy to provide them for you. If for any reason you need to cancel your subscription we will do so with seven day notice. When you are ready to resume receiving your flowers give us the same seven day notice and we will gladly welcome you back.
